

### Costume Plot for Aladdin

- All shoes should be plain. No sneakers or flats with sparkles. Jazz shoes are fine for most parts. Sandals (Birkenstock style with a heel strap) are okay for Citizens of Agrabah, but please bring them in so we can see them first.
- Most characters need very generic makeup (cheeks and lips which we will provide or you can do it yourself)
- All characters should wear an undershirt, tank top and/or shorts under your costume
- All hair should be pulled back away from your face. We will work with characters that may need specialized makeup/hair.
